## Winter 2018

Kia Ora

Finally work has commenced on building of the new Carnarvon. All were amazed at how fast the developers got down to work. While it was sad to see the familiar trees go, it was anticipated and as one resident noted, 'sad but when I am in my new room it will be all worth it'.

The activity is also providing great interest among residents and staff and providing stimulating discussion comparing the plans to the design taking place at the back of the building. Instead of watching TV residents are spending more time in the Sun Room watching the work progress.

Many of our residents are also finding it of interest to interact with the Woodview workers who are happy to explain their work to residents and their families.

To keep residents up to date with the latest developments we are holding weekly resident meetings on Mondays from 1030 to 1130.

On the wall beside reception we have a Hazard Notice Board and this is updated daily to alert residents and staff to potential risks.

Woodview have provided a special wheelchair path so residents can avoid using the temporary car park. This also enables residents to access taxis close to Lincoln Road.

Carnarvon placed special emphasis on the celebration of Matariki. We began with a visit from Waipareira Trust singers and dancers, this included The Dancing Flowers. An educational display of flax weaving and residents had the opportunity to try their hands at it. Also the Waipareira Alzheimer's group placed a special concert. Celebrations will culminate with the alinement of the four planets. Maori Language Week included Maori language classes conducted by Waipareira Trust.

## Bus Trips

Trips included a picnic at Mission Bay, South Beach, Point England, Cornwell Park, One Tree Hill, Westhaven Marina, Ngati Whatua Marae, Takapuna Beach, Airport, Picnic at Piha, French Bay, Mt Eden, RSA Henderson.

## Upcoming Events
