

## Winter 2018

### Welcome

As the nights grow longer and the leaves begin to fall, ushering in the cooler months of winter, let your Peacehaven family greet you with a warm Kia Ora!

### Refurbishment Programme

Over the past couple of years, we have all witnessed how Peacehaven has transformed into a bigger and even better facility. In addition to the new suites in new wings and refurbishment of common areas, the staff have been treated to a newly refurbished staff room, the old storage room in Jenkins Bay has been converted into a bigger staff room to accommodate the ever growing Peacehaven family! The old staff room has been converted into the clinical coordinator's office.

### Activities and Celebrations

Every week, the residents are taken to different locations in Auckland in their bus trip. The residents enjoy their days out in the sun, and have ice cream in a cone to finish off the day!

Entertainers come to visit every week to deliver their best artistic performance to our residents delight!

The residents are very competitive as they participate in our diversional therapist Nila's games! These games are always a hit and our residents take them seriously! It must be the multicultural competitive sporting spirit!
