Welcome to our Winter 2019 Newsletter

Exciting times at CHT Waiuku with the major renovation project underway. Riverside Lounge and Bayview Lounge have been painted, new lighting, vinyl and kitchenettes refurbished. The communal showers on Edgewater have had new vinyl laid and new whiteware installed. The next wing to be refurbished will be Portside/Riverside communal showers/toilets. Following this the shared ensuite rooms along Riverside/Bayview will have the vinyl replaced followed by the single ensuites. The work plan is reviewed every Friday for the forthcoming week and an update will be shared with residents and families.

For those residents along Riverside the garden project has resulted in extra light flooding into the rooms. The white stones between the patios has brightened up the areas. New outdoor furniture will be added to the patios giving residents and families a pleasant space to sit.

Activities

Our knitting group embraced a project for Middlemore Hospital Special Care Baby Unit. This kept the ladies very busy knitting cardigans, hats and booties. The many items were delivered to the staff at Middlemore by our Activity Coordinator, Liana Petzer.

A big thank you to the many volunteers who assisted with the painting and planting of the planters in the courtyard. The courtyard is looking much more inviting.

The 50's Rock n Roll Day was a huge success.
